CONSTRUCTION

Single-layer: steel OR Double-layer: steel + insulation

1 3 options of outside layer: steel, heavy duty steel or commercial grade steel for high durability

2 2" tongue-and-groove meeting rail to provide a weathertight seal between sections, and rails are hemmed the entire length of the section for added strength and safety

3 20-gauge galvanized end and center stiles to increase strength and durability

4 Polystyrene vinyl-backed insulation available as an option

WINDLOAD Option Wind load reinforcement available as an option for the 24 and N24.

8' high door layouts construction

An 8' Regal door has 5 sections.

YOUR DISTRIBUTOR

Important - Depending on the construction chosen for the Regal (24, N24 or N25), the Design Centre remains the best way to validate your choices. For all technical specifications for our residential products and the latest updates, visit www.garaga.com. Garaga has established continuous improvement programs for all its products. As a result of this ongoing quest, technical specifications for various doors are subject to change without notice. The door colors and the windows shown are as exact as printing techniques will allow. Please request an actual color sample. Minor scratches and dents are not considered defects.
