CONSTRUCTION

Triple-layer: steel + insulation + steel

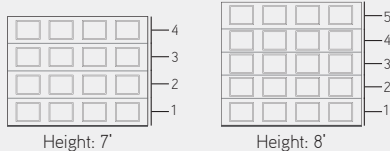

- 26-gauge** pre-painted galvanized steel for high durability
- 2" tongue-and-groove** meeting rail to provide a weathertight seal between sections, and rails are hemmed the entire length of the section for added strength and safety
- Polystyrene insulation** pressure bonded between two layers of steel for energy efficiency
- 20-gauge white baked-on paint finish end stiles** for a nice clean look
- Full-length reinforcing plates** to solidly attach hinges and struts

The Garaga Wind Load Option is only available for specific regions. Talk to your local garage door dealer for more information.

8' high door layouts construction

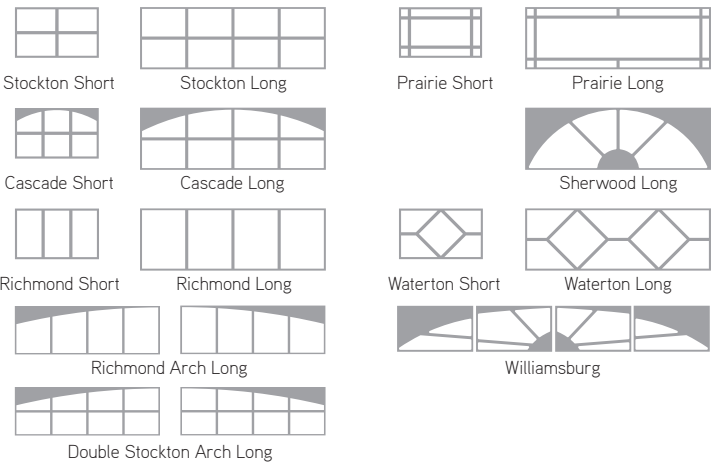

The 8' high doors are built with 5 sections.
